Recently we were lucky enough to have Jimmy wallpaper a room for us. The room is truly beautifully

done! He is a consummate professional of his craft and a perfectionist of the best kind. The job was done

with great care and focus. He went above and beyond to make sure we were happy with every aspect. I have never seen a room wall papered more perfectly! We would highly recommend Jimmy for any of your wall treatment needs.

I needed wallpaper hung in my Powder Room (approx. 100 sq. ft.). I went to various sites and

discovered that there are very few professional installers in the community. I found

Seamingly Straight,

Inc. - Jimmy Lembcke's name referred on a few sites. One reviewer stated that if you

can wait on Jimmy's schedule, it would be well worth it. I agree! I got on his

schedule about 2 weeks out so the wait time wasn't too long. It was a small project

but I greatly appreciated his professional skills! Jimmy is very pleasant, courteous

and professional. You won't go wrong with Jimmy ... He is one of the last who were

trained by the best in this specialty trade and his rate is fair.

Jimmie is not only the finest painter in all of Las Vegas (the known universe maybe?), he's one of the nicest guys you'll ever have the privilege of meeting. He is one of the most professional tradesmen I've ever had the pleasure of working with; he keeps his work areas clean, and once done for the day he make his presence as unobtrusive as possible. Sherwin Williams told us that if we could get Jimmie, to jump on the opportunity. I am told by others that his skill with wallpaper is unmatched and once Jimmie dies, many trade secrets will go with him on special application techniques. Did I mention he's truly a nice guy? You could leave piles of cash laying around your house and not have to worry for a second about Jimmie taking advantage of you. I will echo the sentiments of Sherwin Williams - if you can get on his schedule, just do it! You will not regret it.

Jimmy Lembcke, with Seamingly Straight, Inc., removed the wall coverings in three of our

bathrooms, repaired damaged sheetrock, repaired the separation between one wall and the ceiling,

primed all walls, painted the ceilings, and hung wallpaper in the three bathrooms.

Mr. Lembcke is a master artisan and a true professional. His work far exceeds the expectations of my wife and myself. We could not be happier. He arrives promptly.

He explains what he is doing and what he will accomplish next. He completes the various tasks in a timely manner. He is very organized and does not leave a mess at the end of the day. He occasionally makes recommendations and frequently asks for input. I have found Mr. Lembcke to be completely trustworthy. He works daily in our home when we are not present. He is friendly, courteous, easy to talk to, and exhibits great people skills. I highly recommend Jimmy Lembcke for all your interior restoration and wallpaper needs.

What a great installation and a high level, positive attitude of the Jimmy. Jimmy showed up on time with a nice smile and asked the final, detailed information about the installation of the wall paper - exact location, wall quality, wall paper quality and glue to be used. Jimmy was very professional - when he entered the house he asked about the shoes - if he can wear them inside. After a short technical discussion about the installation - time, technique, paper location he started working. Job was finished within several hours. Jimmy vacuumed and cleaned the work site. The wall paper mural on our wall looks great and extends our living room into the Mediterranean sea shore. Parts of the wall paper (8 pieces) are aligned perfectly and we are very happy with the quality of installation. We highly recommend Jimmy's high quality work, positive attitude and entertaining nature. Andy and Amy

Jimmy started his work on time. During the estimate he went over all the details of work to be performed. Jimmy protected floors and walls during his work. Very professional and pleasant behavior.

Paper was installed being perfectly aligned, in spite of one part (out of 8 parts) of the wall paper not printed correctly. I purchased the wall paper on my own. Every step of installation was performed with high level of professionalism. Based on my observation, I recognized, that Jimmy did a lot of similar installations in the past.

Wall paper was perfectly installed enhancing greatly our living room appearance. We are very much pleased with Jimmy's work and professionalism and will highly recommend his services to our family and friends.

We wanted to have wallpaper updated in our master bathroom and also decided to have him paint the interior of the condo we had purchased. We live in Hawaii and of course finding the right person to do the job in a different State as Nevada, is like finding a needle in a haystack. He was a gem of a find!!! Have no fear of hiring Jimmy of Seamingly Straight...look no further. I did all the research as I could on his background, he is licensed and highly qualified of doing small to large projects. He is diligent, honest, on-time, clean...no worries from him. We had to go back home to Hawaii and gave him our keys to condo and they will mail it back to you when job is done. When he completed the Wallpapering and Painting you will find how nicely detailed he is and that only comes with years of experience. He is worth it over and beyond! Give them a call, no need to look any further..he is the best I've seen and are blessed that we chose them.

5 stars all the way, I am so happy with my newly wallpapered room. I found beautiful 70's vintage wallpaper that had to be shipped from England and it was terribly expensive, so I was concerned about purchasing it and finding the right person to hang it. I spent days reading reviews, overall Seamingly Straight looked like the right one to call. I'm so glad I did. Jimmy was quick to respond and come by to measure and consult. Jimmy and I had excellent communication, he was very helpful with ordering the right amount of paper. Months later my wallpaper arrived and we chose an install date. Jimmy was very thoughtful and planned out everything so the wallpaper looks flawless and the pattern matches up perfectly. Each day Jimmy was punctual, professional, knowledgeable and friendly. The overall result is meticulous, true craftsmanship. Every detail was taken into consideration and you can tell. I highly recommend Seamingly Straight to everyone and without doubt, do it, you'll love it.

Excellent! He was very detail oriented, asking appropriate questions prior to arrival so as to be

install. Vey expensive paper that Jimmy was mindful of cutting the correct way for the walls. Extremely pleasant, professional, prompt, efficient and knowledgeable.

Very efficient and clean. Maintained a clean work space and did total clean-up prior to departing work site. Jimmy as outstanding and I will use again!

Jimmy was absolutely amazing. He is meticulous with every detail and did a fabulous job. He was on time, on budget and the room now looks "Wpw". I could not be more pleased and would highly recommend him to anyone needing these services ...you will not be disappointed. As for the person who left him an "F" review because Jimmy was busy - you may wish to reconsider! There are probably dozens of people who say they can hang wallpaper, but to do it right is an absolute art and Jimmy is a master of his art for sure. As with any talented person, he is much in demand, but he has high integrity and when he says he will be there - he is there, meeting all agreements and arrangements he has with his clients. Of course you might have to wait if you want the best and that is the case here I bet. I would not want a vendor who promised to do a job for me, set the time and then let another client persuade or push him into doing their job first - would you? Consider this a AAA +++++ from me. and we had no issues. He worked for about 2 and half days to complete the accent wall in bedroom / the entire powder room and a niche in entryway- which we

thought was very good pace. Also he has a fun personality and we enjoyed the little stories he had to tell us!! So overall though Jimmy is a little pricey -well worth it !

I could not be happier with the way the wallpaper turned out, Jimmy is definitely a master wallpaper hanging magician. This was a tough job. The wallpaper was hard to work with. It resembled linoleum and needed to be trimmed on both sides prior to application. Also, due to our error, we did not send enough wallpaper.

I called Jimmy before we closed on our home because I knew we would need to have the interior painted before we moved in. We ended up having all of our furniture delivered AND started a kitchen remodel before Jimmy could get started and he was extremely gracious and accomodating considering our house was a wreck from the word go. We paid cost for all of the paint and painting supplies (Jimmy provided the receipts) and charged a reasonable amount to paint our home... his estimate came in under our other quotes. The work did take quite a bit longer than what the other larger paint companies in town would have. However, Jimmy used a roller to apply the paint instead of spraying it on. Very simply, a quality paint job takes a bit more time. The edges are crisp and he even patched several holes in the walls for us that needed repair. He was a ton of fun and my morning coffee buddy for the two weeks he was here. The length of time it took to have the entire house painted (over 3000 sq ft) was worth it considering the quality of work performed. His attention to detail is unsurpassed and our house looks amazing. I highly recommend him!!
